Customer Profile

Customer profile breakdown. Understand who the flyers are and how to

Rating Analysis

Detailed analysis of Maven Airline's services and flyer satisfaction by various

Class	Percent Satisfied	Average Rating
Business	69.4%	48.06
Economy	18.8%	42.93
Economy Plus	24.6%	42.84

Strategy Recommendation:

After analyzing and assessing flyer satisfaction and profile data, I recommend the following be considered and implemented.

- 1) Improve Economy class experience - fix low ratings
- 2) Enhance Short-haul travel services - to fix low satisfaction rates
- 3) Launch loyalty incentives for returning customers - retain and develop returning customer base
- 4) Improve first-time flyer experience through incentives and offers
